Integration of the Syllabus with the Themes of Diversity, Assessment, and Technology
All UK professional education programs address and affirm the value of diversity in education, the use of technology to support all aspects of instructional programming, and the importance of attaining high levels of skill in assessing the outcomes of instruction. This course will provide students an opportunity to demonstrate attention to these themes and reflect on the mechanisms that this course has provided to demonstrate improved skills in these areas.

Integration of Syllabus with UK Educator Preparation Unit Themes
This course will address the four themes of the conceptual framework for the UK professional education unit: research, reflection, learning, and leading. Students will be given the opportunity to review, analyze, discuss, and apply research from diverse perspectives in education, including professional scholarship and practitioner inquiry, in order to reflect on their own practices as they study, observe, and practice in P-12 school and university classrooms. Reflection will also be integrated into students’ learning
opportunities through the production of written essays and analyses of observation and teaching experiences to help students take advantage of the analytical and problem-solving skills that comprise critical professional reflection on one’s own teaching. This course emphasizes the commitment of the professional education unit to assure that its graduates move into their professional lives equipped for lifelong learning as educators who will be active in leading colleagues in their schools, districts, and professional organizations. The ultimate goal in addressing these four themes is to produce teacher leaders who work together to improve student learning among diverse populations and improve education in Kentucky and beyond.

Participation/Attendance
Class participation is an important component of your grade for this class. The due dates for required discussion posts will be posted in the appropriate Blackboard forums. Credit will not be given for late responses. To receive credit for discussion posts you must use proper English and punctuation. Your discussion posts must be substantive (in most instances this means at least one hundred words) and thoughtful (“I agree with the author” is not a credit-worthy response). I encourage you to complete your discussion posts and other work in Word and then paste it to Blackboard. If you compose online and there is a technology-related failure, you will likely lose your work.

Communications
You may communicate with me via Blackboard, e-mail or phone. E-mail will elicit the timeliest response. While I am generally available on the weekends and will always respond as quickly as I can, please do not wait until the day before an assignment is due (or the day it is due) to ask questions. It is the student’s responsibility to make sure that
all course communications are accessible. E-mails sent from within Blackboard will be
delivered to the e-mail address stored in Blackboard. Your UK e-mail address is the
default. To change your default e-mail address, follow the Course Tools link from the
course navigation bar to edit your Personal Information.

Submission of Course Assignments

IMPORTANT: Unless otherwise indicated, all assignments are to be submitted
electronically via Blackboard by 9am on the date indicated on the course schedule.

The use of proper English is expected at all times. This includes discussion posts and
journal entries, if applicable. Writing and citation guides will be provided in the course
materials in Blackboard. If you need additional assistance with writing skills, please
contact the UK Writing Center (http://www.uky.edu/AS/English/wc/). APA (6th edition)
formatting is required for citations. Detailed expectations will be provided in Blackboard.

Unless otherwise indicated, if you send me an assignment electronically it must be
submitted as Word (or comparable) document. While documents with .doc or .docx
extensions are preferred, .rtf and .txt are also acceptable. Microsoft Office products are
free for students. Click https://iweb.uky.edu/MSDownload/ to download. All documents
must be written in either 12-point Times New Roman or 12-point Arial (other similar fonts
are acceptable) with 1-inch margins. Please use single-line spacing unless otherwise
indicated. Proper citations/references are always required; this includes picture books,
novels, and other materials. Again, proper use of the English is expected. I encourage
you to set your Word spelling and grammar review criteria to Technical, and to use the
AutoCorrect feature to assist you (e.g., I have it set so that if I type lit, the word "literature"
results). Please proof your work and ask someone else to as well.

Full names and course information must be included on the first page of all documents
submitted for course credit. Please include your last name and page numbers on all
subsequent pages. If you are submitting your assignments electronically, please use the
following naming scheme for your files LastnameFirstInitial_DueDate (month and day
only). For example, JohnsonT_0619.doc or SmithB_0705.doc. Incorrectly named files will
lower your grade.

Late Work

It is expected that you will submit course assignments on time. However, life happens.
“Normal” life does not stop for any of us just because a semester is in progress. I am
always willing to work with you if you get into a bind, but please be proactive. If you are
going to be late with an assignment, let Dr. Reynolds know before the due date. Late
assignments will not be accepted without prior approval.
ACADEMIC STANDARDS

Academic Integrity
All of your work for this class is expected to be original work. You may not use work submitted for a grade in another class or collaborate with anyone unless required for completion of the assignment. Proper citations are expected for all sources used for any course work. Please review the University’s plagiarism policy.

TECHNOLOGY INFORMATION & RESOURCES

Distance Learning Students are expected to have a minimum level of technological acumen and the availability of technological resources. Students must have regular access a computer with a reliable Internet connection and audio capabilities. Internet Explorer 7 (IE) or Firefox 2.x are the recommended browsers for those using a Windows-based PC. Those using Firefox 3.x may encounter problems with assignment uploads. Those using an Apple computer with MAC OS X (10.5.x) may use Firefox 3.x or Safari 3.x. Please be certain that your computer and/or browser allow you to view Adobe Reader documents (.pdf). Microsoft Office and other software products are free for students: https://iweb.uky.edu/MSDownload/.

As your instructor, I am your first go-to person for technology problems. Please e-mail me at stephanie.reynolds@uky.edu for the timeliest response. I will generally respond within a few hours, but longer wait times are possible. If you need more immediate assistance, please contact TASC or UKIT.
