<https://labarchives.zoom.us/j/92056507584?pwd=VHIBRHNGdVVhUXlQQTdyUmRnZkc0QT09>

Meeting ID: 920 5650 7584

Passcode: 803001

Sponsored by:

Organize and manage all your research data safely and quickly.

LabArchives® is a great data management solution from managing your research team to sharing with your collaborators to securing the integrity of your research data. Sign up today. For more information go to:

<https://www.research.uky.edu/ERN>

This live webinar will be presented by Hannah Clark, from the LabArchives® Enterprise Clients Services Team and Members of the UK ERN Team.

DON'T BE CONFUSED BY THE NAME...

LabArchives?
I don't use a lab for my research. Why should I sign up?

LabArchives is an Electronic Research Notebook for **all disciplines**, not just laboratories.

It is simply a **web-based application** designed for **organizing, documenting, and sharing** your research data with teams, departments, and collaborators while keeping **100% data integrity**.

Other advantages of using the Electronic Research Notebook:

- ❖ **Free for all UK Researchers**
- ❖ **24/7 access to all your research data – Go mobile!**
- ❖ **Unlimited storage for files <4GB**
- ❖ **Preserve all data securely**
- ❖ **Data is backed up & protected immediately**
- ❖ **No more binders filling up your shelves!**

Log in today with your linkblue ID to create your account and see how an electronic research notebook will **simplify** your research data storage and communication with your team!

Research Notebook

LabArchives® electronic research notebook is UK-supported, multi-disciplinary, and designed to help improve research documentation no matter the classification. Key features:

- Improve your research workflow;
- Secure, unlimited data storage for files under 4GB on a cloud-based server;
- Access your data from anywhere;
- Ability to share data with collaborators and colleagues;
- Data is easily searchable.

UK offers LabArchives® at no cost to all UK researchers. Create and access your account using your linkblue login.
